Corsicana Above Average Market, Survey Discloses

NEW YORK, Aug. 23.—(Spl.)— Corsicana is shown to be a pros-perous market, with more "spend-able" money in the hands of the av-erage family than is the case in most cities, according to a national copyrighted survey of buying pow-just completed by Sales Manage-ent.

Just completed by Sales Manageent.

This was made possible by better comes. The survey shows that the 5,200 families in Corsicana had an effective buying income, after Federal and State income taxes and other personal taxes, of \$17,067,000, an average of \$3,282 per family. The income the previous year was \$2,87 Retail sales in Corsicanan's stores reached the high level of \$18,555,000 in 1947, the data shows. Thus the city accounted for .016 per cent of the nation's retail business with only .012 percent of the nation's population, indicating it to be a superior market. It stood out in Texas also, doing .34 percent of the state's business with but .24 percent of state population. The excess of local sales over local earnings points to the city being the hub of a large trading area.

Much of the local buying potential was not tapped, according to the survey. It found its way into savings banks and into investments.

Blood Pressure Clue To Health

By W. P. BROWN

Of Johnson's Pharmacy Your blood pressure gives a physician many clues to your state of health. Low blood pressure often indicates anemia; it tells the physician that your energy

is low, that you tire easily, High blood pressure points to causes such as worry, overwork, possibly extreme nervousness. When the doctor has a chance to check your blood pressure at regular intervals, he can through advice and medication help you to control it...and thus

enjoy better health. Whatever the doctor's pre-scription, it is so important to your health that it should be compounded by a pharmacist who uses drugs that meet the highest standards of purity, freshness and po-

District Court

Judge A. P. Mays Friday appointed a jury commission to meet at 10 a. m. on Tuesday, August 24.

N. Suttle Roberts told members for the purpose of selecting jurors of the Navarro county agriculture for the October term of district workers association Thursday night that they are "bringing back some of the things we used to be proud of."

The State National Bank president, speaking at the group's monthly meeting at the Navarro Hotel, recalled the time when advice to firmers relative to soil conservation and crop production was ridiculed.

with a FAIRBANKS-MORSE WATER SOFTENER

Twenty-four hours a day you'll praise your Fairbanks-Morse Water Softener because twenty-four hours a day it supplies you, at a turn of a tap, with clear, sparkling, soft water.

You'll marvel at how softening your hard water eliminates harsh washday scrubbing, leaves dishes and glassware dazzling bright, helps make food look and taste better, and protects your skin and hands. It saves soap, too, makes clothes and linens last longer, and ends scale formations that boost fuel costs.

This dependable water softener requires only a few minutes attention about once a month, and operates at no expense beyond occasional additions of common salt. Models in three sizes for every home hard-water problem. See it-own it-now!
